

DARS Gunter COVID 19 Launch Protocols

PERSONAL:

Persons exhibiting Covid - 19 symptoms are required to stay home.

Bring your signed release/waiver form to registration;

Include names of all persons in your party on that form.

Face cover (mask) is encouraged, and is required when standing in registration line, line waiting for launch pad or line waiting to fly. Please bring your own masks, sanitizer. And trash bags.

Observe proper distancing - 6 feet in between people when outside of your group, and when standing in line. Pad and Flier lines will be designated by signs and poles.

Porta-Potty users: please sanitize surfaces touched.

Please park on-site leaving 10 feet in between vehicles.

LAUNCH SITE:

Only Range Safety Officer (RSO) is allowed to handle launch controller.

Flight cards will not be used at this time – fliers must listen for pad number to be called, announce they are ready to fly and what motor is being flown.

Only pad manager and one flier at a time loading at pads.

Signed release form needs to be presented at registration; you will receive a coded wrist band to show that you have done so. Wrist-band required for participation.
